

# BUILDING GLOBAL INFRASTRUCTURE

Bringing local teams together on global Infrastructure

## CUSTOMER

PROPERTY DEVELOPER

## BUSINESS OUTCOMES

- Workflow for managing Investments and Investors
- Increased productivity through integrated electronic signing process
- Improved speed for on-boarding new Investors
- Keep Investors up to date with their Investments

## MILESTONES

- Design of custom workflow and data model
- Design of contract documents and integration with DocuSign
- Import of existing Investment and Investor data

## SCOPE

Darumatic got engaged to develop a bespoke Investor and Investment management system.

Based on the clients requirements we implemented a custom workflow and RBAC model.

All documents are electronically signed and the system is integrated with DocuSign. The system tracks the signing status and updates the investment data accordingly.

As part of the Investment workflow the system submits Form 484 data to ASIC to update shareholder information.
